Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The interview comprised the following: a discussion and an agreement with respect to amendments removing objections to the proposed Drawing, Specification, and Claim 25. Specifically, the amendment to the Drawing corrected an incorrect reference character, the amendment to the specification corrected typographical mistakes, and the claim 25 amendment corrected an improper dependency. With respect to the Claims at issue, no agreement was reached with respect to allowability; however, applicant proposed amending independent claims 1, 20, and 39 to further clarify the meaning of the term "message" to advance prosecution of the instant application. In light of applicant's representative arguments, the examiner is strongly considering withdrawing the rejection based upon the Black reference.
